

# FAQ

## **If you have spirits does it attract more spirits?**

No. The only spirits who will come to you are those looking to share time with you. Unbound spirits are not uncommon and their presence amongst humans is a regular occurrence whether the person believes in spirits or not. They move & exist just as we do and coming into contact with an unbound is a certainty for every human being on Earth. Welcoming spirits into your home doesn't make you any more or less susceptible to other spirits.
